

Product name VEGABAR 18
 Model code B18.DNIS
 Order number PP - 222 2FU

Quantity 1

Pressure sensor

Application area

VEGABAR 18 is a universal pressure transmitter with 4 ... 20 mA output and ceramic measuring cell for measurement of gases, vapours and liquids up to 100 °C. VEGABAR 18 is an economical solution for a variety of applications in all industrial sectors.

Your benefit

- Cost-effective design with minimum installation dimensions
- High system availability due to highest overload and vacuum resistance of the ceramic measuring cell

Process fitting / Material	DN	Thread G $\frac{1}{2}$, inside G $\frac{1}{4}$, ISO228-1 / 316L
Measuring range	I	relative, 0...+25.0bar (0...+2500kPa)
Electrical connection / Protection	S	4-pole plug connection ISO4400 M16 / IP65
Customer-specific adjustment		No
Measurement loop identification label		without
Customs tariff number (HS code)		90262020
Min. process pressure in bar		-1
Max. process pressure in bar		60
Software version		Current version
